

ONE TIME ONLY!!!

Argentine Tango

Crash Course with AnaLinda

Thursday, September 15th, 6:30-10pm

Pre-registration by September 8th

NO DANCE EXPERIENCE, nor partner required!

The underworld of authentic Argentine Tango is a fascinating place. You dance with friends and strangers for hours knowing only the magic of improvisation and mutual dance dialog. To accomplish this, each partner learns a language that is universal, but combined infinitely, and communicates clearly.

This crash course will teach the basic elements, and practice drills. Later the Tango dancer elaborates their own construction of the dance and followers participate with their special musical energy and influence. The dance communicates sensuality, emotion, and power. Argentine Tango celebrates connection. You can dance tango in venues across the city and world-wide. Join me in opening the Pandora's Box that is Argentine tango!

Based on the response to this course we have the option to continue with more advanced offerings. NO experience, or partner required! Please wear a smooth-soled dance shoe (no sneakers)
